Email: sadeqabdirahmaan@gmail.com

Phone: +252-61-9885683

Location: Mogadishu-Somalia

Place of birth: Mogadishu

Profile

Full Stack Web Developer with experience in building dynamic and responsive web applications. Proficient in front-end and back-end technologies, including React.js, Tailwind CSS, MongoDB, and Mongoose. Recent graduate of the Full Stack Web Development program at demonstrating expertise in developing, deploying, and maintaining scalable web solutions.

As a Telecommunications Engineering student, I am deepening my understanding of network systems, signal processing, and wireless communications. This dual focus on both web development and telecommunications provides a unique skill set that merges software development with the technical knowledge of communication infrastructure.

Being a current student enables me to stay on top of emerging trends and technologies, which keeps my approach innovative and adaptable. My passion for learning and solving complex problems equips me to work effectively across disciplines, ensuring I am well-prepared for both the software and telecommunications industries.

Education

- 2022: Graduated high level at Ahmed Gurey Primary and Secondary School.
- 2022: Currently studying for a Bachelor's Degree in Telecommunication Engineering at Hormuud University, expected to graduate in 2026.
- 2024: Graduated from Rise Academy, where I completed a Full Stack Development course.

Skills

Front-end: React.js, JavaScript, HTML5, CSS3, Tailwind CSS

Back-end: Node.js, Express.js, MongoDB, Mongoose

Tools: Git, GitHub, VS Code, NPM

Other Skills: Database management, Web Designer, Responsive Web Design

Experience

Full Stack Developer Intern

ALX Full Stack Web Development Program May 14 to Sep 15 2024

- Developed full-stack web applications using React.js, Express, and MongoDB.
- Built intuitive and user-friendly interfaces with Tailwind CSS.
- Designed and implemented back-end API using Express.js and MongoDB for user data storage.
- Collaborated in small teams to deliver completed projects, with a focus on integration and bug resolution
